**The 2016 vintage of Assobio Red is now available on the market. This new vintage stands out due to its freshness and intense aroma, as well as its versatile and gastronomic profile.**

The Assobio range expresses the characteristics of the Quinta dos Murças plot with the same name. According to José Luís Moreira da Silva (winemaker) “north facing and on a higher slope, this is the plot that produces grapes with the greatest acidity on the estate; grapes that are fresher, less concentrated and more aromatic, and this is precisely the profile we strive for in the Assobio range. An expression of the Douro from its highest slopes, with greater freshness.”

Assobio red is produced using the region’s most traditional grape varieties, Touriga Nacional, Tinta Roriz and Touriga Franca – it is a fresh, elegant wine, with notes of red berries and a long, persistent finish.

The Assobio range is part of the Quinta dos Murças wine portfolio, which is completed by the wines Quinta dos Murças [Minas](#), [Reserva](#), [Margem](#), [VV47](#), [Porto Tawny 10 anos](#), Quinta dos Murças [Porto Vintage](#) and Quinta dos Murças extra virgin olive oil.

## About Esporão's Quinta dos Murças

Dating back to 1714, Quinta dos Murças is located in northern Portugal, in the Cima-Corgo sub-region of the Douro. The Douro, established in 1756, is the oldest DOC in the world. The region is characterized by its dry, hot climate and steep schist slopes carved out by the Douro River and its tributaries.

The Quinta dos Murças estate is situated on the right bank of the Douro River, between the towns of Régua and Pinhão, nearly two hours drive east of Porto.

Stretching over half a mile along the riverfront, mainly with southern exposure, Quinta dos Murças encompasses a total of 383 acres, of which 118 acres are vineyards with indigenous grape varieties. In 1947, the estate became a pioneer with the first vertical vineyard planted in the Douro region.

Quinta dos Murças is a unique estate characterized by its 8 diverse terroirs, which are distinguished by different altitudes, exposures, variations of schist soils and vertical vineyards. In addition to the vineyards, the olive, orange and almond trees and the surrounding forest support biodiversity and promote the balance of the local ecosystem.

The region's extreme climate and terrain, the agricultural practices respecting nature and the different winemaking processes emphasize the true character of the fruit, resulting in concentrated, elegant and fresh terroir-driven wines.

Quinta dos Murças produces wines, such as Assobio DOC Douro and the Quinta dos Murças range - Quinta dos Murças Minas, Quinta dos Murças Margem, Quinta dos Murças VV47, Quinta dos Murças Reserva, Quinta dos Murças Porto Tawny 10 anos, Quinta dos Murças Porto Vintage 2011 and Quinta dos Murças extra-virgin olive oil.
